Structure Stability Certificate

To whom so ever it may concern

Property belonging to Sisters of St. Charles Society , Narmadapuram(M.P.), situated at Narmadapuram, on Survey No.-36/4 was inspected by me on 20.07.2023 with a view to access, its structure stability to take a load (Dead Load + Live Load etc.) for school building having a height of 12.00m After inspection I observe following points-

1. Building is situated at Narmadapuram (M.P.)
2. Total land area -12140 Sqm. & Built Up Area-4000 sqm. (Approx)
3. Particular building is three stories i.e. terrace is covered with G.I. Sheet.
4. Building was design for proper live load.
5. Physical measurements of column is 300mmX500mm, 200mmX300mm,etc.
6. Physical measurements of column are 300mmX400mm & 200X300 etc.
7. Wall thickness(a) Below plinth- 200mm (b) Above plinth 200mm(c) Partition wall is 100mm thick
8. Above structure is sufficient to take live load & dead load.
9. Name & address of school- St Charles Convent Saraswati Nagar, Narmadapuram.

Structure is safe & stable for dead load & live load.

Enclosed pics of school-

To whom so ever it may concern

This is to inform that I visited St. Charles School , Narmadapuram (M.P.) Today for building inspection on request of school management my observations are as Follows :-

1. Building Seems to safe and sound for schooling purpose with no immediate concerns for structure stability
2. In my view if Building is maintain properly i:e periodic repairs & painting it will last for at least 25 to 30 years more
